Price: 2000 Euro

About Happy Web

We are a company characterized by seriousness and professionalism looking at each developed project enthusiastically. We rely on a strategy of continuous and effective communication with clients. The transparency of each procedure aims at a more detailed understanding of the processes of development the result being a close and effective collaboration. We work with both private and public companies. Among them we mention:

- „KAI Ceramics”
- „Romned Industrial Foundation Equipment (Vermeer Romania)”
- “Institutul pentru Ocrotirea Mamei si Copilului”
- “Spitalul Gheorghe Polizu”
- “Andreea Raducan”
- “Knowledge Executive Consulting International”
- “Cabinet avocatura Pricop&Banu”
- „Dream Media Group”

Technical expertise

We develop websites and web based applications for romanian companies and european and american clients. Here is a list of programming languages, frameworks, libraries, etc. that we use:

Web development:

- MySQL
- PHP
- Laravel
- HTML
- Javascript
- JQuery
- CSS
- Twitter Bootstrap
- Composer

Server

- Ubuntu and CENTOS
- CPanel
- Zpanel web server (also Kloxo and other open source web servers)
- Shell
- MySQL optimization (importing large database – over 40GB and 70 million rows per table, large database optimisation, query optimisation)
